Aggressive Internal Marketing

AIM Software makes Digital Signage easy!

ETA offers a turn key operation:

- Professional consultation on the design and location of your digital signage and graphic content to maximize the impact of your display
- Commercial grade hardware you can rely on with a nationwide installation network to ensure a successful rollout

- An exciting, custom show will be created to display on your digital signage system with easy-to-use templates that you can update with new messages or offers for your customers

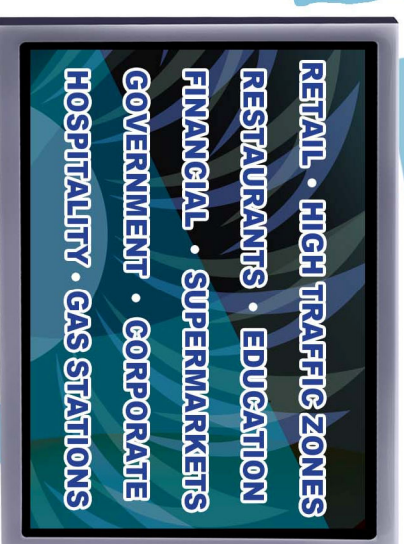

- In-house training for all your employees to ensure maximum use of your system

- On-going maintenance, support and training to ensure long-term network success

- Our Digital Signage Server makes updating your signs easier than ever! Simply log in from any web browser.

- Our Highly Customizable **AIM** Software allows us to serve the following markets:

**RETAIL • HIGH TRAFFIC ZONES
RESTAURANTS • EDUCATION
FINANCIAL • SUPERMARKETS
GOVERNMENT • CORPORATE
HOSPITALITY • GAS STATIONS**
